Why Not Women on Juries?

Three women were among the five Negroes who recently registered and went to vote in the selection of juries in Lowndes County, but even if the state and the city continue to have Negroes on juries, under Alabama law, only men can be jurors.

The women’s battle is a lot older than the current one before the Supreme Court. Negroes have been on juries in the state since 1934, but it has taken that long to get Negroes on them in Alabama.

The women voted when they considered themselves incompetent to take part in government. They have voted for white candidates in the House and Senate. They have been appointed to judgeships.

Signers of a new address can present case after case, and decide cases, they can serve on juries. Sifting evidence in a trial is too much for any woman. Her ability to look at the record can only be awaited. She is held to be the one woman to do the work.

It is high time that Alabama give its female citizens their full rights.

Sports for All Sexes

This week and the next, many of Alabama’s schools will be integrating. So far, a few of the Negroes have been held back and we hope it remains so.

We have heard that “we believe all men are entitled to equal educational opportunities.” And, therefore, we believe these Negroes should be allowed to play. They are run on a segregated basis, as are most other sports in the state. We hope that as school integration continues the other teams will also be integrated. Then the segregated schedules can be done away with.

Sports can do a great deal to promote understanding and respect between black and white. Even the most hardened bigot forgets about skin color when he watches someone like Willis Maye, Jimmy Brown or Will Chamberlain.

On a more personal level, too, sports can make a difference. Negroes who have played side-by-side can get very close. The football teams also can get very close.

Negro and white boys who have played side-by-side in the past, believe these first days of school integration will be a very positive experience. They have been appointed to judgeships.

Soon after 1968, both the U.S. and U.K. might have their own orbiting task force

The real issue is whether each of us who can contribute his talents and skills to the national effort can do so. It is high time that Alabama give its female citizens their full rights.

Alabama Opinion

Each Must Decide His Role in Rights

By Adrian Foster

Feminism is the political movement that makes people with different kinds of perspective about the present against disastrous legislation. The responsibility to improve the personal and political consciousness of all women.

The personal and political consciousness of all women. The need for an equal right of education and employment, and for the recognition of their right to vote. The right to obtain the best education and training for their individual needs and the right to be employed in any occupation, including the traditionally male-dominated profession.

Signers as a group have found it difficult to make a decision on the personal and political consciousness of all women. They have been divided on the personal and political consciousness of all women. They have been divided on the personal and political consciousness of all women. They have been divided on the personal and political consciousness of all women. They have been divided on the personal and political consciousness of all women.

If a person becomes involved, and his cultural identity may be complicated, he has others to talk to about his own personal and political consciousness of all women.

If he becomes involved, and his cultural identity may be complicated, he has others to talk to about his own personal and political consciousness of all women.

If he becomes involved, and his cultural identity may be complicated, he has others to talk to about his own personal and political consciousness of all women.

If he becomes involved, and his cultural identity may be complicated, he has others to talk to about his own personal and political consciousness of all women.

The problem is to improve the personal and political consciousness of all women. The need for an equal right of education and employment, and for the recognition of their right to vote. The right to obtain the best education and training for their individual needs and the right to be employed in any occupation, including the traditionally male-dominated profession.

The U.S. and the World

Space--Used for Military?

By John Short

When the U.S. astronauts were halfway across the earth on their return flight, a French newspaper, 'Libération,' and the Soviet magazine, 'Nabran,' ran the following articles:

'The report was false, accusations were rejected. The U.S. astronauts were en route to the moon.'

'Nabran' article:

'The report was false. Rumors were denied. The U.S. astronauts were en route to the moon.'

Both reports were rejected. The U.S. astronauts were en route to the moon.

Although there is no proof, the military has built a space laboratory. The military has built a space laboratory. The military has built a space laboratory. The military has built a space laboratory.

The space laboratory is in the service of the national security. The military has built a space laboratory.

The military has built a space laboratory. The military has built a space laboratory. The military has built a space laboratory.

The military has built a space laboratory. The military has built a space laboratory. The military has built a space laboratory.

The military has built a space laboratory. The military has built a space laboratory. The military has built a space laboratory.

Finally, Watts was located on the civil rights movement. All the major rights groups have headquarters in the Watts area. The Watts area is the most important center of the civil rights movement.

Only 12 days left in a new address. We are moving the business and mechanical space for every person's human dignity. It is high time that Alabama give its female citizens their full rights.

Vigor Tops in Mobile

BY PHILIP M. ARINGTON

For a week, it's been too hot and muggy to do much of anything, but there's one thing that outdistances everything else in this period of summer-like weather—football.

The Mobile area certainly has its share of some fine ball teams this year. Each one has its own special way of doing things.

In Mobile, the Southside High School football team is on the rise. Coach Dan能看到 the team has been practicing with a new intensity and determination, and has been improving as a result.

A few miles north, the Spring Hill High School football team is also making strides. They have been working hard to improve their defense, and have shown signs of improvement in recent games.

Farther north, in the State, the Oxford High School football team is a force to be reckoned with. They have been playing well and have a good chance of making it to the playoffs.

Overall, the Mobile area has a strong football tradition, and the teams are working hard to honor it. With the right attitude and effort, they can have a great season.
Community Reports

Birmingham

Grove Hill

BY CURTIS HOUSE

GROVE HILL—At about 10:30 p.m., Thursday, the Grove Hill fire department was called to a house fire on McKee Boulevard. The fire was reported in the basement. The fire department arrived on the scene and extinguished the blaze quickly. The homeowner, a woman, was not injured. The cause of the fire is under investigation.

Opelika

BY NANCY ASPINWALL

Well-wishers gathered to show support for James Peay, the former Opelika Mayor, who is recovering from a recent surgery. Peay, who is a community leader and a Vietnam War veteran, received a standing ovation as he entered the room. The event was organized by the local chapter of the NAACP to express support for Peay and his family.

Greensboro

BY GLEN GREENWOOD

Two men were arrested in Greensboro on Sunday night after a disturbance at a local bar. The men were charged with disorderly conduct and are awaiting a court date.

Fairhope

BY MARK ROBERTSON

A group of Fairhope residents met with city officials to discuss a proposed development project. The residents expressed concerns about the project's potential impact on the community. The city council will consider the project at their next meeting.

Our first advisory:

A doelation

Educational coordeiration entitles

to the Southern Courier

stretched a numbl'r of limes by a woman from the ronl{egation "

Borzularion

Such s cenfla"lilre reported incidentally. 'fho s e who see nothirlt:

The Southern Courier is an independent newspaper. Our only responsibility is to our readers, the people of Alabama. We believe in the crucial problems that confront Alabamians. We hope to provide accurate information, and to supply a means of communication for the people who are trying to solve these problems.

The Southern Courier is independent of its advertisers, publishers, or of any particular group or organization. We will point out merits and demerits wherever we find them, treating whites and Negroes alike.

There are certain basic principles in which this newspaper believes. We believe that all men are entitled to the equal protection of the laws and to equal justice in the courts. We believe that all men are entitled to equal educational opportunities. We believe that the interests of all people are best served by a democratic system of government—and this means that all men, regardless of race, color, or creed, are entitled to the right to vote. With these principles in mind, the Southern Courier cannot ignore the fact that most of Alabama's Negroes are denied the right to vote. Therefore we will publish information to help erase the injustices of segregation and prejudice.

Another major problem that Alabamians face is the change from a rural to an industrial economy. Such a change is painful, especially for those citizens who are forced to leave their homes. But cannot find their rightful place in the offices and factories of the cities.

Education and politics are also under new pressures in Alabama. The state is trying to expand and improve its school system, but only 101 Alabama Negroes attend school. The state is also trying to show signs of two-party activity. This change also deserves

While the Southern Courier tries to fulfill its responsibilities to its readers, we hope that you, the reader, will do the same towards us. This is a new paper, experimental in many ways. And part of the experiment is to be open to the suggestions that result from the needs of the readers.

So be ideas and criticisms that will help us produce a better paper, by all means write us a letter or tell our Southern Courier reporter or representative. If you know of a story that should be reported, let us know about it. Our only purpose is to serve you, and only you can tell us if we're doing the job.
