TUSKEGEE.--"We've got a new sheriff!" Mayor Martin Kentucky Holmes, 63, who is also Macon County’s sheriff, said Friday. "I'm going to Hollywood and try to ret tree and speak like the people." The people of Macon County were not too sure what they meant by "ret tree," but they did know that when Althamer Amerson was sworn in as the new sheriff, he pointed to the "financial plight of his deputies and public employees. He added, 'I will faithfully and honestly discharge the duties which I assume to enter into, to the best of my skill and knowledge, and to the best of my abilities.'

Camp Atkins in the woods north of Tuskegee is 7,500 miles from Nairobi, the capital of Kenya. Fifty Peace Corps trainees, who lived at Camp Atkins for the last two and a half months, set out this weekend on a 7,504-mile journey. Their destination was the city of Nairobi.

The trainees arrived at Camp Atkins last November. About two-thirds of them were volunteer teachers; the rest were doing agricultural work.

Each trainee lived alone in a separate hut. Tom Deuble, an assistant to the state director, said that the volunteers will be doing this in Kenya, and the Peace Corps wanted them to get used to it. After their huts were built, the trainees started learning some basic farm skills. For several weeks, they spent all day at a farm operated by the Peace Corps in the wooded area north of Tuskegee. Each pair of trainees was responsible for the care and feeding of a cow.

But, also, they added, "we have Swahili training with a 50-50 chance of conversing when you feel like it. In a man with a certain accent."

The trainees were divided into groups for study or work. Each group had a leader, and the volunteers could get help from the leader when they needed it. The Peace Corps wanted them to get used to the idea of working with Swahili, which is the national language of Kenya.

They listened to several lectures on topics such as "hut decoration" (meaning how to decorate a hut to be as clean as possible). They spent all day at a farm operated by the Peace Corps in the wooded area north of Tuskegee. Each pair of trainees was responsible for the care and feeding of a cow.

The trainees also learned to play soccer. The volunteers said that this is a very popular game in Kenya. They also learned to play the national game of Kenya--and to ride motorcycles on rough, unpaved roads. Each trainee who became a Peace Corps member would have the opportunity to ride a motorcycle in the country.

The staff and trainees occasionally tried out new farm practices. Their experiences were being published in newspapers. They don't carry any heavy things--they work and walk as much as they can.

Flowers Begins 1970 Campaign

BY JOHN C. DIAZ

Midfield is the leader in the Alabama race for state attorney general. It is a close race, with a margin of one vote. John C. Diaz has a 63 vote lead over his opponent, William M. Flowers. He is also leading in the 1970 campaign for governor.

Almost all of the Alabama Republican candidates are running for the governorship. They are: William C. Flowers, William F. Flowers, John H. Flowers, and William M. Flowers. The race is too close to call, but Flowers is leading in the polls.
