Freedom Candidates Campaign in Lowndes County

By VICKY BRADFORD

Lowndes County-For weeks, some "don't know who" said voters in this county, "Almost all people out here are registered voters, and we plan to vote for the independent candidate." The people have the right to be independent voters, they said.

The Liberty Committee of the Democratic Party in Lowndes County has been working diligently to register people to vote. And the candidates for independent candidates are making visits to the county.

"We're going to register voters and get them to vote," said Dr. Martin Luther King, Jr., who was speaking at an appearance in the county last week.

Young Boating Victim Says Sheriff Called Him 'Crazy'

By MARY ELLEN CLATTSON

"No one is safe in this country," said a young negro who was attacked by two white men in the county last week.

The boy, who was injured in the incident, said he was attacked by two white men who beat him up and said he was "crazy." The sheriff denied that the boy had been called "crazy," saying, "He was just misunderstood.

Anti-Poverty Choice--Odd Jobs or Training

By MARY ELLEN CLATTSON

"We need a program to help people who are unemployed," said a representative of the Anti-Poverty Project in the county.

The representative said the project was designed to help people find work, and that it was working to provide odd jobs for elderly men who could not find regular work.

No Mixed Groups Are Allowed

MUSCLE--After four negro women were turned away from the Governor's Mansion last week in Montgomery, they returned to the area where they were beaten.

"We're not going to give up," said one of the women. "We're going to keep fighting until we get the recognition we deserve."

Letters to the Editor

To the Editor:

I am writing to express my
anger at the behavior of a certain
man in our community. He has been
harassing me and my family for
years, and I want to let everyone
know what he is doing.

His name is John Smith, and
he lives on North Main Street. He
has been following me around, and
he has even tried to get into my
house.

I would like to ask everyone to
be vigilant and to call the police if
they see him.

Sincerely,

Everybody’s Fussing Over Elmore Schools

BY VIRGIL BROWN

WASHINGTON — Everyone seems to be getting worked up about Elmore County schools.

First, about 100 students of Elmore County Middle School walked out Monday morning and
stayed away from classes for a while. Rumors were rife that they were doing so because of
rumors they had heard they were going to be transferred to Southside High School.

A lot of the rumors were centered around the fact that Southside High School has a
new principal, and Elmore County Middle School had an old one.

The Elmore County Education Association was quick to point out that the rumors have
been unfounded.

The real issue, they said, is the education of the students, and that should be the
focus of everyone’s attention.

Letters to the Editor

To the Editor:

I am writing to let you know that
Miss Emily Thompson is in need of
assistance. She is a kind-hearted
woman who has dedicated her life
to educating our youth. She
recently lost her husband, and she
now finds herself alone and
overwhelmed with the burden of
providing for her children.

She has worked tirelessly to
support her family, but now she
needs help to make ends meet.

I urge everyone to consider
making a donation to help
Miss Thompson and her family
through this difficult time.

Sincerely,

Letters to the Editor

To the Editor:

I am writing to express my
concern about the recent
deportation of a family from our
community.

The family, the Smiths, has
been living in our city for many
years, and they have a
dedication to serving our
community.

They have always been
welcoming and helpful to all
people, and they have
enriched our lives with their
presence.

I am asking everyone to
consider signing a petition to
prevent their deportation.

Sincerely,

Stokely Carmichael, chairman of SNCC, brought black power to the Tuskegee Institute campus last week. Tuskegee's Negro leaders, who have said they still believe in working for integration, weren't there to get the message. But 2,000 Tuskegee Institute students, several faculty members, and a few community residents were. They listened, laughed, and clapped. They also argued, asked questions, or just thought over what Carmichael was telling them.
Family in Montgomery Forced to Move From One Temporary Home to Another

By ROBERTA REISIG

MONTGOMERY—"You never know whether to fix an apartment up. You never want to buy anything, because you may have to move. You look and look and can’t find anything," Mrs. Maxine Kimbrough, 45, a housewife, said.

"The highway takes everything. The homes for low-income people are gone. This town is going to be filled with just used car lots and service stations and stores. I don’t know where they’re hiding all the homes," she said.

The Kimbroughs are a married couple of Mrs. Maxine Kimbrough on South Decatur St. She didn’t want her name to be used because she was afraid that her landlord would evict her from her home. "I feel as if I can’t do anything," she said.

Her dream had to move across town. "It’s an educational problem. We have to educate people to pay more rent, not the grown-ups. Everybody has to work harder," Mrs. Kimbrough said.

"It’s an educational problem. We have to educate people to pay more rent, not the grown-ups. Everybody has to work harder," Mrs. Kimbrough said.

She asked for repairs to her house. "You have to keep the property up. The highway department will take it down. The house on Chilton St.," she said, looking around her bare living room.

"That’s what causes trouble," Mrs. Kimbrough said, "because you don’t have many people. They don’t have decent jobs enough to buy, but that ain’t true. You just can’t afford the houses."

"Our children have been trying so hard to find good homes for Negroes that, last year, they had to give up. They found one room to tear down and they have been trying to find anything else. we didn’t have a room to tear down in the old neighborhood, but if we were able to rent homes, we would have no way to get them to pay rent," Mrs. Kimbrough said.

"I’m going to buy a house," she said, "but that’s a long way off. It’s going to be hard to find a house to buy, because the houses are so scarce.

"You’re just living from day to day," Mrs. Kimbrough said. "You have to be prepared to leave all your friends, so you’re still going to have to educate people to pay more rent, not the grown-ups. Everybody has to work harder," Mrs. Kimbrough said.

"I asked the superintendent, Mr. Tyson, to do the repairs to her house. He said, ‘Every time someone complains to me, one thing they’re asked to do.’"

"I don’t know what to do," she added, "because we had to pay so much for our house. It’s an educational problem. We have to educate people to pay more rent, not the grown-ups. Everybody has to work harder," Mrs. Kimbrough said.
