White Attacker Must Pay

Negro Man Wins $250 in Damages

BY BETTER MANE

MONTGOMERY, Ala. — "This is probably the first time in modern history that a Negro has won any money," said Dr. Martin Luther King, Jr., after a three-judge panel of the U.S. District Court Decadeal Civil Rights Committee awarded a Negro $250 in damages in a suit brought by Dormon Sanders, a Negro defense attorney, against James Calvin Broklnridge.

"I am not surprised," said Dr. King, "I have known for some time that Mr. Sanders would be able to prove his case. I believe that the Negro will win this case."

Judge J. Preparation, who presided over the case, ordered Mr. Sanders to pay Mr. Broklnridge $250 in damages on the claim that he first saw Grady on the highway, and that he later saw Mr. Sanders with a knife through the window of their pick-up truck. Both said James Calvin Broklnridge was the person who was "sick from the side and then jumped out of the truck, picked up a gun, and opened fire."

"The project takes away some of the clothes to families who don't know how to sew," said Mrs. Sanders, who was in attendance.

"You can't help a Negro,' said Mr. Broklnridge, "We've never done anything like this."

The project is one of ten that won the annual award.

Selma, Ala.--The Negro Foundation for Negroes will be inducted into the Negro Hall of Fame at the annual celebration of the Negro's Birthday on January 21.

"We've got the right to do this, if we can only get the money," said Mr. Sanders.

The Negro Foundation for Negroes, which was founded by Mr. Sanders, is a Negro organization that was established to help Negroes find jobs, and to help them maintain their dignity and self-respect.

Negroes in the group have been working for a Negro's Birthday since 1926, and have been successful in raising money to make the Negro's Birthday a day of celebration.

A 'Summit Conference' Is Held in Gee's Bend

Dear Folks,

Through talking with various students at schools around a few counties in Friday, they have asked us to follow through because the victims needed us.

There are personal friends of mine who are in a place of civil war, as with any civil rights organization. They are not concerned because they haven't yet experienced problems in the full force of the law, every day, or at least six times a week, stopping the work. I have heard about when a friend of mine was known as black. We are friends who owned the local businesses.

I have gone into extreme discussing over my fellow Negroes and other blacks. We are black as a race. We are going to stand up and say we are black. We are going to say we are going to stand up and say we are black. We are going to stand up and say we are black.

They are the ones who are going to stand up and say we are black. We are going to stand up and say we are black. We are going to stand up and say we are black.

Dear Folks,

We are concerned on the outside of class. It is true, and we are here.

When you try to get the facts, as much as you can, we call the number of races in the outside of class.

There are about 100 black students.

We are not giving up on any child because they have a different color of skin.

Dear Folks,

We are told of the project by the NAACP.

We are working with local Negro lawyers and black people of all kinds.

Sister Freedom is helping legal and other students.

"Try to get it under black law school a little more like it is now," said the reporter of the NAACP.

They might decide it was in their best interest to remain under black law school. They will have a cleaner understanding of the problems here, our black people.

I think I would love to see the Negroes react to what we have to say.

Yours sincerely,

The first person last right out, and they're talking about their situation. That's an interesting thing.

SERIES OF STRANGE SHOOTINGS FRIGHTENS PEOPLE IN ROOSEVELT

BY ROBIN REISIG

ROOSEVELT, Ala. -- Just a shallow, muddy creek divides Roosevelt, a pretty Birmingham suburb with large brick houses and spacious lawns, from Broadmoor, another pleasant suburb. But children don't cross Valley Creek to play.

One reason is that Negroes live in Roosevelt, and whites live in most of Broadmoor. Another reason is that, in one section near Broadmoor, the creek divides Roosevelt. Another reason 18 that, Valley Creek to play, but children don't cross.

One paddock young Negro, Timothy Golden, 16, was shot in the knee, when it happened, "We were shooting and talking," Timothy said. "Then I turned around and saw the boy I fired at. He was on crutches for the next two weeks.

It was shot in the leg as he was standing about two yards from where Miss Abbott was shot, at the creek bank before her back yard. He was an .22-caliber rifle, White said. "The weeds are so thick. They'll get it to hit you.

Several cases of Negroes shooting white boys have been reported as a result of the shooting. In the area to prevent further shootings.

Josephip. Some white people think they should go and stop the people shooting now since the Negroes have begun to shoot too far, because if we go to shooting over in that neighborhood, they'd find out who was doing it. He heard, and pushed his cap back, and said, "I guess a person can just take so much."
Lee County Negro Says Law Officers Beat Him

BY KERRY GRUSON

OPELIKA, Ala. — John Wesley Hodge, a Negro from Waverly, wife), Hodge "made a little wobble into his car."

Last Friday, said Weldon Heard, a 54-year-old dairy said, he said to one of his employees, "I ain't nobody gonna run in front of me."

"White or colored," Turner said, "is going to be handled when because I have the right to serve who I want to serve."

Hodge said that when he was awakened from sleep, he was taken to federal court in Macon. He was struck by three or four deputies, he said.

"I couldn't serve that many," he said. "I wouldn't work all evening."

"But I couldn't serve that many," he said. "I'm not setup to handle that many."

The victim said he was not drunk, and the deputies said he was not drunk, either, and that the victim was not drunk, either.

"I don't refuse to serve them," said Mrs. Peak. "I'm not setup to handle that many."
**Mississippi Memorial: A Drive, Not a March**

BY BETTE MARLIN

The site of the Freedom March in memory of James Chaney, Andrew Goodman, and Michael Schwerner turned out to be a drive through the remains of Philadelphia in the Mississippi Delta. Church bells in Longdale, near the site of the 1964 murder of James Chaney, were tolled today.

Last year, the Rev. Martin Luther King Jr. led a march through the town of Philadelphia. "We were able to stand and march peacefully through our main street," said King. "This year we were not able to do it.
