Ala. Gets 2nd ‘Loyal’ Party

BY BOB LEWAND

BIRMINGHAM, Ala. -- A New South group--led by Alvis Browning, a white businessman, and Brown Howard, a Negro--formed the Democratic National Convention (NDP) last week. Leaders of the new party said it will serve the same purpose as the Alabama Democratic Party (NDP) last week.

Both new parties say they are in opposition to the candidates of Wallace and Negros who would vote for them. They are the National Democratic Party (NDP) and the Rainbow Coalition.

In both, the NDP and the Rainbow, the parties say they will put their own slate of electors, pledged to the candidate chosen at the Democratic National Convention this month, on the ballot.

The NDP is the only party that will form a new slate of electors, pledged to the candidate chosen at the Democratic National Convention this month.

We Need Negro Police Officers

BY SADIE W. LEE

MONTGOMERY, Ala. -- With John Bell Williams now in office, Negroes who have often faced light and heavy-handed treatment from state troopers across a barricade--come at an Alabama Action Committee meeting last Monday night to talk about the requirements and rewards of police work.

Lester told a large audience of state troopers that he had been treated with respect in his own state by the Negro people. He said, "We used Negro police officers, and we want them, too."

We have already had a high school classmate of a high school graduate who was on the police force and he said, "We must be at least 25 years old and have a good record." We should have at least 25 years of age. Our qualifications must be as follows: We must have a high school diploma, a high school degree, or we must have a high school diploma and pass a civil service exam.

The Alabama Institute for the Deaf and Blind is a state-funded school for the deaf and blind. The school has a national reputation for its educational programs, and it has been recognized for its improvement of educational services for children who are deaf and blind. The school's vocational-education program is particularly strong, offering specialized courses after students have completed their basic education. The school also has a strong athletic program, with teams participating in both school basketball and football.

However, the school has faced challenges in attracting qualified staff as teachers. Only about 50% of the positions are filled by college graduates, and many of the teachers are paid low salaries. The school's medical department, on the other hand, is doing a good job, and all reports on the health care provided are quite positive.
